

Effective, affordable, local digital advertising

Advertise with New England Times

Really.

Why advertise with New England Times

New England Times is a local digital news service covering the New England region of New South Wales, home to over 185,000 people. **We are not your typical local news outlet:** we report real news, including hard news and investigations. And it's all paywall free.

New England Times enjoys a very loyal readership who spend a long time on the site - often longer than 1 minute. **That means your ad is more likely to be seen.**

As we do not have paywalls on our site and make a significant effort to cover news and events in all parts of the region, we can offer you **a bigger and more diverse audience** than any other local media outlet. Our largest cohort of readers are engaged, strong women, aged 35-64, with above average wealth and education, but we have good penetration into all demographics.

We currently have **over 30,000 unique readers** on average each week, over 6000 subscribers to our email list with open rates above 30%, and our social media reach is over 500,000 views per month.

Advertising Options - Banners

Banner ads are wide and interrupt the flow of the page, demanding attention, and allow the communication of detailed information. They are your best choice for high click through rates.

Banner ads can also be run in our weekly emails.

In-story banner

- Super Leaderboard: 970 x 90 px, 1 only at the top of story pages
- Small: 970 x 250 px
- Large: 970 x 485 px (2:1)

Email banner

- Super Leaderboard: 970 x 90 px, 1 only at the top of the email
- Small: 970 x 250 px
- Large: 970 x 485 px

LARGE ▲

Advertising Options – Sidebar

Sidebar ads don't interfere with a reader's experience of the page but have impact through frequency. By running a cheaper advertisement more often, people are more likely to see it, retain it, and act on it over time. This is your best choice for maintaining brand awareness.

Sidebar ad options

- Medium: 300 x 250 px
- Square: 300 x 300 px
- Large: 300 x 400 px

Public Notices

With most parts of the region no longer having printed newspapers, it can be very challenging for Councils, Developers and others to place Public Notices as they are required to do.

Public Notices are more than a legal requirement, however, they are an important public service.

If you need to place a Public Notice, we are happy to run this for you. We will create a dedicated page for your notice with all the information you need to communicate, and a matching ad that will run across our sites. You can also choose to direct the ad to a page on your website.

We recommend a large sidebar or square ad for the best result, but a public notice can be run as any advertisement, booked at the standard daily or weekly rates.

There is no additional charge for the creation of a public notice page if you provide all the content.

Please note that you should check the relevant legislation or guidelines to ensure that a digital public notice will be sufficient to meet your legal obligations.

The screenshot shows the New England Times website interface. At the top, the header includes the site name, a search bar, navigation links (LATEST NEWS, LOCAL NEWS, DIRECTORY, ENGAGE, EVENTS, ABOUT), and weather information for Quirindi (12.6°C, 8°-19°, Showers). The main content area features a public notice titled "PUBLIC NOTICE: TILBUSTER QUARRY". The notice text reads: "PUBLIC NOTICE: TILBUSTER QUARRY. Those who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and/or places at the site of a proposed quarry at 747 Puddledock Road, Tilbuster, are invited to register for the community consultation process by 5pm on 18 January 2025." A red button at the bottom of the notice says "CLICK TO FIND OUT MORE AND REGISTER". To the right of the notice is a sidebar with a "JOIN OUR EMAIL LIST" section, a "SUBSCRIBE" button, and a "Have your say" section. Below these are "Most read stories" including "Armidale Secondary College locking toilets again", "Best Coffee in the New England?", "Tenterfield social enterprise makes tracks", "New England families set to benefit from new public preschools", "Best Craft Store in the New England?", and "The Clique Curation wins BINE: A big win for local makers".

Advertorial and Sponsored Content

Advertorials and sponsored content are a tried-and-true way to promote your business, event, or organisation by embedding your brand within the news content our readers are seeking.

An advertorial is a story-type ad about your business, while sponsored content is a news piece that presents your product or client experience in a way that allows people to understand what your business does in context. We recommend a combination of both for maximum effect.

Advertorial

- Approximately 600 words advertorial, including a large in-story banner ad 970 x 485 px anchored within the page.
- Optional professional photography

Sponsored content

- Approximately 600-800 words story about desired subject, product or client success story, including professional photography, small in-story banner ad - 970 x 250 px anchored within the page, a large in-story banner ad 970 x 485px anchored at the bottom of the page.

Note: We include a clear 'advertorial' or similar indicator at the top of any paid-for content. No other advertising appears on advertorial and sponsored content pages.
